## Part B

### CRITERION I – CURRICULAR ASPECTS

#### 1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The College reopens and closes its academic activities as per the orders of the Bangalore University regulations. This comes to the college well in advance before the commencement of the semester year. Sometimes there would be inevitable changes in the schedule due to unforeseen holidays and incidents. Otherwise the process of conducting activities goes on incessantly. The curriculum is planned well in advance before the reopening of the college. This is designed in a meeting where all the staff members of the college are present. Various committees are formed before framing the curriculum. As per the initiative of the IQAC committee the curriculum is planned by the departments and the committees. The curriculum is further divided in to curricular co-curricular and extracurricular activities and programmes. The heads of the committees and the departments are given free hand and freedom to organise already initiated programmes. An allotted fund is released for the expenses of the programmes. Students representatives are selected and given information about the programmes. Time slots are allotted to various departments as per the schedule and then the programmes are organised keeping in view the resource persons to be invited. The departments and committees further hold meetings with the principal and organise the programme. The guest or the resource person is selected according to suitability. The feedback on the programme is collected from the students orally and sometimes through the feedback forms. Such programmes enhance the academic capability of the students. This in turn helps them in framing their future with good knowledge of the subject. This also helps the students in their performance in the examinations. Procedure: a. Teachers are informed about their workload and courses for coming academic year. This helps them to prepare teaching plan. Teachers are expected to execute their course deliverables as mentioned in

Teaching plan. b. Teachers refer to the standard reference books prescribed by University along with latest information available through online and other resources for effective implementation of curriculum. c. Besides the use of conventional method, various other teaching methods like Quiz, Group Discussion, Demonstrations, Debates, PPT Presentations, Role Play, Games, Short Films, Industrial Visits, Add-on practical's, Open book tests, Assignments, Use of charts and graphs, are used for effective curriculum implementation. d. Based on semester wise result analysis of every course corrective measures are suggested by IQAC and bridge courses and remedial lectures are conducted if required.

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?  
(maximum 500 words)

#### Feedback Obtained

We have developed multi-Feedback System in our institution. This is divided into four categories viz. students' feedback, parents' feedback, alumni feedback, and teachers' feedback. a. Student feedback is based on two criterions: overall college functioning and teaching learning process. Feedback on overall functioning of the college: it is based on the learning environment of the college, cultural activities, canteen facility, functioning of anti-ragging committee, counselling centre, sports facility, infrastructural facilities etc. Teachers Feedback (Teaching and Learning Process) - This feedback covers teaching learning process, punctuality, communication skills, approach towards the students, sharing of innovative ideas etc. We have emphasized on teacher's innovativeness, use of ICT in teaching methodologies interactive teaching and students' involvement in learning. We collect individual teachers' feedback and analyse it. The analysis is reported to the head of the institution, IQAC, for corrective measures and it is communicated to the individual teacher for further improvement. b. Parents' feedback: is based on overall development of their ward and about learning environment in the college as well as imparting value based education in their wards. c. Alumni feedback: is based on role of the college in the development of student personality and employability and academic excellence. This pertains to asking them how the college has imbibed them in acquiring life skills. d. Feedback of teachers on the principal and management is another process of taking feedback from teachers on management and the functioning of the principal and finally analysed by the I Q A C of the college. Finally the action taken report is served to the principal.

#### 2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

APS Evening College is an affiliated college of Bangalore University and is guided by the regulations formulated at university level regarding syllabi, examination and evaluation. Thus, internal assessment scheme is as per university rules. Bangalore University has a continuous internal assessment system in which each paper of 100 marks has a component of 30 marks of internal assessment and rest 70 marks are allotted for the final examination of that paper. These 30 marks of internal assessment are designed and bifurcated in such a way that a continuous evaluation of students takes place throughout the semester and marks are given for each academic activity performed. • 5 marks out of 30 are assigned for attendance which are calculated and awarded by the following rule: 67 to < 70 1 Mark 70 to < 75 2 Marks 75 to < 80 3 Marks 80 to < 85 4 Marks > 85 5 Marks. A student needs to get at least 67 attendances in class to get the examination roll number. • Next 20 marks out of 30 are assigned for internal class tests conducted. • The remaining 5 marks are awarded by the teacher on the basis of overall performance of student. This can be judged on the basis of assignments, presentations, interactions, projects or oral tests etc. Teachers assign innovative projects to students to build and check their creative skills. Presentations are taken on topics related to the syllabi or even on topics other than the main paper to develop the interest of students. Thus, a continuous internal assessment system works throughout the term to evaluate the students on the basis of their day-to-day performance and growth.

### **8.Future Plans of Actions for Next Academic Year**

• Kannada Department has taken initiation to conduct State Level Seminar • Commerce Department has taken initiation to conduct industrial visit with respect to any manufacturing unit. • To start a certificate course in the college for the students. With respect to boosting academic activities for the students and the teachers keeping academic excellence as an aim the college I q a c initiated two programmes unique by themselves. The first was conducting a State Level Seminar in Kannada and the next was to conduct an industrial visit to a manufacturing unit of the city. The first initiative was shouldered by the kannada dept and assisted by the other departments. The plan was mooted in the IQAC meeting and several committees were formed to implement the same. The committee worked out a plan of action for the smooth functioning of the programme. The commerce department was entrusted with taking the students on an industrial visit to some manufacturing unit within the city. The main objective of this industrial visit was to inculcate in the students all round learning at all levels of the manufacturing unit. This would give them the knowledge of organisation, finance, marketing and distributing and several other areas of the field related to commerce.
